

Online BOHS-OHTA International Certificate Course

W 506 - Ergonomics Essentials (April 16-23, 2021)

Online Course Aim

Introduce salient features of Ergonomics
Optimise efficiency of activities in workplace using ergonomics
Ergonomic risk assessment and control measures
Understand impact of workplace layout and design
Understand environmental aspects of ergonomic design.

Offered By

RECOH EHS Services LLP
nayati International

What is in the course?

Overview of Ergonomics

General Principles, Biological Ergonomics, Anthropometry
Psychology at work, Decision making, Risk Perception,
Signal Detection Theory, Developing Ergonomics Strategy
Macro Ergonomics and Ergonomics at Design stage

Ergonomics Methods and Techniques

Work Design, Task analysis, User trials, Problem solving,
Risk Identification, Assessment and management,
Controlling Risks and Evaluating Controls,
Ergonomics Standards, Rating Scales and Questionnaires

Musculoskeletal Disorders

Nature and cause of MSDs, Low Back Disorders, Risk Assessment
Job Design and Training, Preventive and Protective measures
Nature and causes of WRULD, Repetitive stress and Cumulative
Trauma Disorders, Principles of Control and preventive measures

Workplace, Job and Product Design

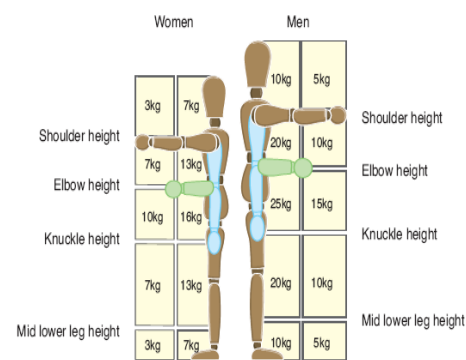

Principles of workplace and work systems Design
Work station and Equipment Design, Computers and VDTs
Design principles for Displays and Controls, Information Displays
Controls and principles of Software ergonomics

Physical Factors of Work Environment

Vision and Lighting, Noise, Thermal Environment, Vibration
Olfactory and tactile senses, Clothing and Protective Equipment
Personal Protective Equipment - Ergonomics Principles

Standards and Social Aspects

Standards, Training and Skill Development, Measuring Health and
illness, Measuring impact of Ergonomics, PPIs and NPIs
Strategic Planning, Performance indicators, Cost-Benefit Models

OHTA – BOHS ON LINE TRAINING

Internationally Recognized Certificate Courses

Course Name	W506 - Ergonomics Essentials								
Online Training Date & Time	April 16-23, 2021, 6:30 PM to 11 PM, IST								
Practical Examination	<p>Online Exam on April 23, Friday, 4 PM, IST</p> <p>One day dedicated to conduct online practical as per BOHS guidelines</p> <p>Exams will be conducted online as per BOHS guidelines</p>								
Course fee	₹ 28,000 all inclusive (\$350 USD) per person (no extra GST)								
Course fee inclusion	<table> <tr> <td>Online training</td><td>BOHS Exam fee</td></tr> <tr> <td>Online practical training and assessment</td><td>Online exam</td></tr> </table>	Online training	BOHS Exam fee	Online practical training and assessment	Online exam				
Online training	BOHS Exam fee								
Online practical training and assessment	Online exam								
Last Registration Date	10th April								
Course Registration link									
Online training platform	Microsoft teams								
Completion Condition	<p>Attend online theory, practical training and assessment</p> <p>Give BOHS exam online & pass exam as evaluated by BOHS</p>								
Faculty	<table> <tr> <td>  <p>Shrenik Ranpura, CIH, CSP Global EHS Leader RECOH EHS Services LLP</p> </td><td>  <p>Lalitha Burra, Ph.D., CIH Director nayati International, India</p> </td></tr> </table>	 <p>Shrenik Ranpura, CIH, CSP Global EHS Leader RECOH EHS Services LLP</p>	 <p>Lalitha Burra, Ph.D., CIH Director nayati International, India</p>
